

INSTALLATION INSTRUCTION T8 LED Tubes

TECHNICAL DATA:

Model	VT-1221
Watts	18W
Lumens	1850LM
CRI	>80
DF	>0.7
BeamAngle	160°
Body Type	Glass
Holder	G13
Long Life	25,000 Hours
On/Off Cycles	>15000
Dimension	28x1200mm
Input Power	AC:220-240V,50Hz

INTRODUCTION & WARRANTY

Thank you for selecting and buying V-TAC product. V-TAC will serve you the best. Please read these instructions carefully before starting the installation and keep this manual handy for future reference. If you have any another query, please contact our dealer or local vendor from whom you have purchased the product. They are trained and ready to serve you at the best. The warranty is valid for 3 years from the date of purchase. The warranty does not apply to damage caused by incorrect installation or abnormal wear and tear. The company gives no warranty against damage to any surface due to incorrect removal and installation of the product. The products are suitable for 10-12 Hours Daily operation. Usage of product for 24 Hours a day would void the warranty. This product is warranted for manufacturing defects only.
