(4) Installation and commissioning: Deye don't offer installation service, don't offer onsite debugging service for monitoring device. Deye can offer onsite commission service for big scale plant (inverter capacity > 500kW).

3. Response time commitment

3.1 Remote technical support service

- (1) Offer remote technical support service.
- (2) Response in an hour once received telephone inquiry from customer. Response in 10 hours once received inquiry via email from customer.

3.2 Field service response

If there is field service obligation in contract, Deye will respond according to the contract.

3.3 Spare parts supplement scheme

- (1) In according with the sales record, Deye ensured a safe quantity of spare parts in each spare parts center. This helped us building a fast response of replacement requirement.
- (2) Once the agreed warranty period (5 years standard factory warranty, or extension warranty) expired, Deye can still offer spare parts to customer, with a price not exceed the previous order price on the contract. Customers are eligible to order any product.

spare part from Deye. We would offer spare part in a reasonable price to ensure a stable performance of Deye products.

(3) If Deye is going to cease production of a product, or accessory, Deye would inform the direct purchaser formally with at least 6 months leading time.

4. Freight cost

(1) Deye takes on the freight cost for products under warranty. Customers take on the custom clearance costs incurred.

(2) Customer take on the freight cost and other sort of related cost for warranty expired or voided products.

5. Other important notice

(1) Customers can contact Deye via phone, fax, and email. Customers need to provide the following information for warranty claims:

1) Product Model, Serial Number.

2) System configuration details (Panels per string, number of strings, parallel or in series scheme, grid category, grid voltage rating, grid frequency rating).

3) Fault description (Error message or error code on LCD display. Pictures, or other fault information)

Note: Deye reverse the right to reject the warranty claims without the necessary information. In this case, it's the customer to responsible for the loss or any other consequence.

(2) Free warranty service is provided for products with a valid warranty. It's excluded from warranty are damages due to:

- Breaking the product seal / opening the casing without permission from Deye
- Transport damage
- Incorrect installation or commissioning; For example, incorrect DC or AC pole wiring/connection, loose DC or AC pole wiring / connection, which lead to the damage of inverter.

- Failure to observe the user manual, the installation guide, and the maintenance regulations
- Unauthorized Modifications, changes, or attempted repairs
- Incorrect use or inappropriate operation
- Insufficient ventilation of the device
- Failure to observe the applicable safety regulations
- Force majeure (e.g., lightning, overvoltage, storm, fire)

For warranty invalid products, Deye would charge for service fees for the service, example, spare parts cost, labor cost for products. Or according to maintenance contract, if there is maintenance contract signed.

(3) The above terms & conditions (together with the warranty card in product packing, and the affixed warranty documents) had described all responsibilities for products Deye sold, it removes the other apparent & hint guarantee. Without formal document confirmation, Deye would not responsible for any responsibilities beyond of this warranty term. When product is in use under warranty, Deye's responsibility is limited to service replace and service repair according to the warranty terms & conditions, no further assurance, obligation, or responsibility. If specified by law, Deye would perform in accord with the law.

(4) OEM products are not applicable with this warranty terms & conditions. Warranty for OEM product should comply with the contract.

Please note: Deye reserves the ultimate explanation right on this service commitment.
