

LED Rechargeable Mirror Light

Instruction Manual

PRODUCT FEATURES

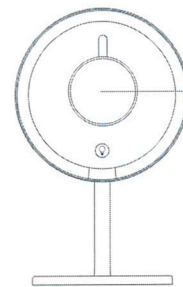

HIGH DEFINITION MIRROR

For general use or precision work, this high definition mirror allows you to not miss a spot.

NATURAL LIGHTING

Halo LED lights simulating natural sunlight surround the edges to cast an even and soft glow on your face for flawless skincare and beauty application.

Base

3X MAGNIFICATION

The 3x magnification large mirror is good for everyday use, but great for close-ups and precision so you don't ever miss a spot. A small, detachable mirror magnetically attaches itself to the larger mirror. It's portable for your handbag.

MICRO USB PORT

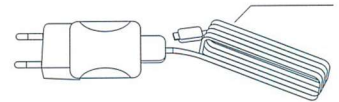

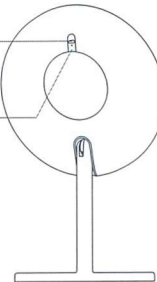

For easy charging using the USB cable.

WARNING LIGHT

The flashing light reminds you when the battery is low, so you can charge it up for future use.

ADAPTER AND USB CABLE

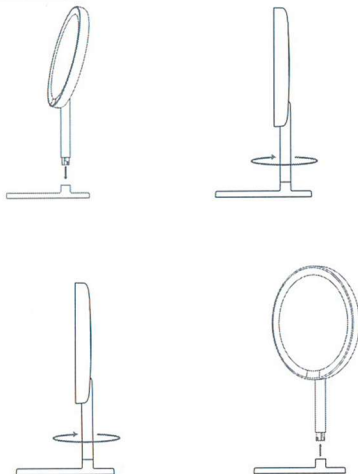

Rechargeable with a USB cable – simply plug it into a wall charger, laptop or a power bank.

DETACHABLE MIRROR AND STAND

Instructions:

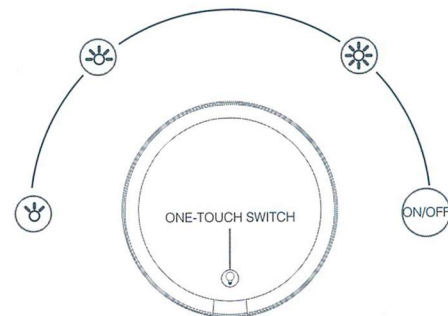

- To insert, simply place the mirror on the stand and twist to secure it down. Don't overexert force when placing it down in case of damage.
- To remove, simply hold on the mirror, twist and pull it up. Don't overexert force when pulling in case of damage.

ONE-TOUCH SWITCH AND LIGHTING ADJUSTMENTS

Instructions:

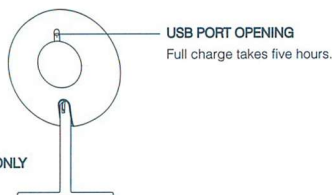

- To switch on/off, simply push on the button once below the mirror.
- After mirror is switched on, to adjust the lighting, simply push on the button once to select between low, medium or high intensity.

CHARGING MANUAL

Instructions:

- Please use the USB cable and plug it to the micro USB port behind the large mirror. There will be a light indicator – red means the mirror is charging; green means the mirror is fully charged.
- The mirror requires up to five hours to charge fully. After charging, the mirror can last up to 12 hours on low lighting mode or 30 days of use, before its next charge.

USB PORT OPENING

Full charge takes five hours.

PLEASE USE PRODUCT USB CABLE ONLY

BATTERY CAUTION

- Please use the product USB cable only. Other USB cables may damage the mirror.
- Please don't overbend the USB cable, as it may damage it for optimal charge.
- Please use a suitable power plug for the product USB cable.

USAGE CAUTION

- Please place the mirror on a flat and stable surface for safety.
- Please place the mirror away from pets, kids and high-traffic area for safety.
- Please stop using the product if you notice the product malfunctioning, in case of fire.

WARNING: PLEASE DO NOT PLACE THE MIRROR IN HIGH HUMIDITY AND HIGH MOISTURE AREAS FOR USE.
